

Article 6.2 Implementation for High Integrity: Updates, Lessons and Challenges

November 16, 2024, Saturday 13:15-14:45

Side Event Room 1, Blue Zone

OVERVIEW

The implementation of the cooperative approach under Article 6.2 is gaining momentum as more actors enter the space and gain experience. The side event will provide an overview of the status of cooperation and current mitigation activities as well as measures for ensuring high integrity. The focus will be on reflecting on challenges and lessons learned from the perspective of both acquiring and host countries as well as the private sector. This will help interested countries and activity owners to better understand the A6.2 mechanism and the role it can play for high-integrity carbon markets.
